

Blissfully Bare Winter Newsletter

We have recently moved to:

Winter is a time for pampering and relaxation

Nourish your skin.....

with **Pevonia's Vitaminic Concentrate**, a non-greasy and light-textured oil. Rich in the highest concentration of vitamins, soothing Azulene and brightening Mandarin Essential Oil, this serum is the perfect solution for dryness and dehydration. It can be used everyday at home to fight dryness or as a booster treatment in your next facial.

Winter has a dramatic effect on our skin, so we need to ensure that we are taking extra special care of it. Constant heating as well as cold winds have a damaging effect on the hydration of our skin. This is where the **Blissful Infusion Facial** steps in. A potent combination of serums and a high performance mask are applied, giving your skin instant hydration, nourishment and radiance.

Warm your body.....

By experiencing regular **Detox Box** sessions.

The Detox Box uses naturally occurring Far Infrared Rays that safely and effectively detoxify the body of many lifelong accumulated toxins, heavy metals and medicines.

It is useful in improving skin tone, helping with weight management (most people burn around 600 calories per session), assists in clearing cellulite, energises the body and relaxes the mind. More importantly, it provides a much needed break from the cold outside!

As a winter special, purchase 20 Detox Box sessions for **only \$200!** (valued at \$500!)

Overhaul your makeup.....

Blissfully Bare is excited to announce that we are now proud stockists of ELES Mineral Makeup. ELES Mineral Makeup allows skin to 'breathe'. Free from heavy fillers and pore-clogging ingredients, ELES' skin safe formulas contain no potential irritants such as fragrance, oil, talc or dyes.

In order to introduce this beautiful new range, we are hosting an **ELES Forever Flawless Makeup Event**

This is your opportunity to come in and try ELES as well as having a full makeup application. You will be ready to hit the town!

Winter is the ideal time to get your body into shape before summer comes along!

At Blissfully Bare we have a solution for every body concern.

Endermologie® is a unique, non-invasive way of shaping your body, reducing the appearance of cellulite, improving overall skin fitness and reducing fluid retention.

There are no chemicals, medications, surgery, or even any downtime, and one 30 minute treatment is equivalent to 8 hours of deep tissue massage! Endermologie® is perfect for treating diet and

exercise resistant fat on areas such as the tummy, thighs and love handles.

We also offer a FREE consultation so why not book yours today!

ReGen is a revolutionary technology that uses very accurate dermal heating to painlessly smooth and tighten your skin immediately.

ReGen treatments can gently and effectively tighten the skin on your face, neck, arms, tummy, legs and hands. The treatment is non-invasive, easy, safe and relaxing.

Book your FREE consultation today and our therapists will be able to design a tailored treatment program just for you.

As our way of introducing you to the Endermologie treatments, we are offering a special trial pack of **3 sessions of Full Body Endermologie for only \$295!** (valued at \$405)

What happens in an Endermologie Consultation?

When you meet with one of our Endermologists, we will determine if you are a suitable candidate to receive treatments. We will require you to fill in a short consultation form and we will discuss your health, examine your areas of concern, explain how the treatment works and explain to you what can and cannot be successfully treated. We will also advise you on approximately how many treatments may be needed to achieve your goals.

Q. How does each treatment take?

Each full body treatment takes around 30 minutes depending on the target areas we are treating.

Q. What does the treatment feel like?

Endermologie® is gentle and relaxing, providing a sense of wellbeing and revitalization. It normally feels like a deep massage.

Q. How many treatments will it take to get rid of my

Are you concerned with the appearance of lines and wrinkles on your face? Then **Facial Endermologie** is the treatment for you!

Facial Endermologie is a revolutionary treatment that has many benefits. Not only will it smooth lines and wrinkles, but also:

cellulite?

Endermologie® has a cumulative effect whereby the connective tissue becomes healthier over time. We will provide an initial assessment of how many sessions you will need to achieve your goal, however a suggested minimum number of treatments is 15.

Q. How often do I need to have treatments?

Endermologie® should be performed two to three times per week until the desired

result is achieved. The treatments need to be evenly spaced apart with at least one day between each session.

Q. Does Endermologie® replace diet and exercise?

Endermologie® is a specific type of exercise for your connective tissue. The treatment effectively treats areas unaffected by diet and conventional exercise. Best results are achieved from a course of sessions in conjunction with a healthy diet and exercise.

Facial Endermologie

- Brightens the complexion
- Reduces bags and circles under the eyes
- Firms and tones the contours of the face
- Reduces the appearance of double chin
- Is relaxing and 100% non-invasive

Facial Endermologie provides instant results however for longer lasting results a course of treatments is strongly recommended.

We have a special winter offer available, experience our special trial pack of **3 sessions of Facial Endermologie for only \$199!** (valued at \$345)
